**SOYGOLD® 1000 MACROEMULSION SPOT REMOVER**  
(Opaque Dilutions)

	<b><u>Ingredient</u></b>	<b><u>% by Weight</u></b>	<b><u>Function</u></b>
1.	DeMULS SGE-95*	10.0%	Emulsifier, wetting
2.	SOYGOLD® 1000**	15.0%	Solvent, degreaser
3.	Water	75.0%	Diluent
4.	TEA	qs	pH adjustment
		100.0%	

**PROCEDURE:**

To blending vessel add ingredients #1 and #2. Mix with moderate agitation until clear or slightly hazy. Add ingredient #3 and mix thoroughly to form white opaque liquid. The pH will be  $\approx 5$ . If required, add TEA to adjust pH upward.

**USAGE LEVEL:**

Product may be used as is or diluted with water. Dilutions will be opaque.
